## Rejadorada Roble 2021

### Balance

#### The essence of a unique variety

Rejadorada Roble expresses the essence of Tinta de Toro grape with the great balance between fruit and wood through an artisan winemaking, that allows us to get an authentic wine from this region.

#### Vintage 2021

This is a fresh vintage, marked by abundant spring rains, that allowed a bud sprouting in mid-April and a homogeneous plant growth with an excellent quality throughout all the vegetative cycle. The temperature contrasts between day and night during August allowed an extraordinary aromatic maturation. The harvest began on 14th September.

#### Vineyard and soils

This wine is made of 100% Tinta de Toro that comes from selected unirrigated vineyards in bush, located in Morales de Toro and San Román de Hornija. The age of the vines is between 20 and 40 years old. The sandy-loam soils, with clay on the deep ground, are worked on the respectful, well-integrated and organic way with a minimal intervention on them. This allows a perfect balance between acidity and freshness.

#### Winemaking and ageing

Manual harvest in 20kg boxes and traditional winemaking process with destemming. Pre-fermentative maceration for 4 days and alcoholic fermentation for 15 days with temperature control in stainless steel vats to extract and retain aromas.

Ageing process on the lees prior to entering the oak barrels to provide volume on the palate.

Ageing in barrels of a maximum of 3 years old: French oak (50%) and American (50%) of 225 litres for at least 6 months that provides a unique balance in the fruity character of Tinta de Toro.

Bottled in July 2021 (141,601 bottles of 0.75 liter and 1,386 bottles of 1.5 liters) and launched on the market with a minimum of 4 months of bottle aging.

### Tasting Notes

Deep red color with violet glints that indicates its youth. Intense varietal aromas marked by wild red fruits that are well-integrated with sweet and spicy vanilla and toasted notes provided by the oak, highlighting the freshness provided by the characteristic clay soils. Perfect balance between softness and acidity on the palate. Long and smooth finish with hints of fresh fruit coming through. This wine enjoys all palates.

*This vintage 2021 stands out for its expressive nose with intense aromas of wild fruits and a long, fresh and silky palate.*
